## Profile

Hello! I am Daniel Christoper Bramastyo, I am a graduated student from Jambi University, majoring in Information Systems. While I was still studying, I was active in student activities at Jambi University, including being active in the management of the Jambi University Information Systems Student Association. During my time at university, I developed a strong foundation in programming and data analysis. My involvement in the Information Systems Student Association honed my leadership and teamwork skills. I am passionate about leveraging technology to solve problems and I want to know and learn many things to innovate in improving skills.
