ABOUT ME

DANIEL CHRISTOPER BRAMASTYO

I am Daniel Christoper Bramastyo (24), a Bachelor of Information Systems graduate from Universitas Jambi. Currently, I am seeking job opportunities.

During college, I was actively involved in student organizations at Universitas Jambi, including serving in the management of the Information Systems Student Association.

I developed a strong foundation in programming and data analysis. My involvement in the association helped me sharpen my teamwork skills.

I am passionate about using technology to solve problems, and I am eager to continuously learn and innovate to improve my skills.

EDUCATION

Universitas Jambi

I am a graduate of Jambi University with a Bachelor's degree in Information Systems.

July 2019 - July 2024

During the lecture period, I was active in the student organization, namely the Information Systems Student Association.

I am a member of the Interest and Talent Division of the Information Systems Student Association. My task in this division is to develop and facilitate the interests and talents of Jambi University Information Systems Students.

NON-FORMAL EDUCATION

Bangkit Academy Led By Google, GoTo & Traveloka

Google gojek tokopedia traveloka

Feb 2022 – July 2022

Bangkit Academy is an intensive technology training program initiated by Google, in collaboration with GoTo (Gojek & Tokopedia), and Traveloka, designed to equip Indonesian students with technology skills and soft skills needed for the world of work, especially in the digital and technology fields. The program aims to help create work-ready digital talents who are competent, innovative, and able to compete globally, with a focus on developing skills needed in the technology industry.

The learning path followed is Cloud Computing, which consists of individual learning and final project in the form of a team. Individual learning includes asynchronous classes through online learning platforms such as Dicoding Academy, Coursera, and Google Cloud Skills Boost. In addition, each participant has a mentor to consult in case of non-academic difficulties.
